## SALE INFORMATION

The Central Virginia Cattlemen Association (CVCA) will sell approximately 1,500 head on Friday, August 5, 2011, at 10:30 a.m. All calves are weaned and double vaccinated for blackleg and respiratory diseases.

The trailer load lots of calves were weaned in mid June and commingled and preconditioned. There will be at least 11 single owner loads sold.

The calves sold have been vaccinated with all Pfizer animal health products. At least two 7-way shots were given with the last 7-way shot used being One Shot Ultra containing Pasteurella. At least two Bovi-Shield shots were given. All the calves were also dewormed at weaning.

All the cattle will be source and age verified with electronic tags and data will be stored in the USDA approved Southeastern Livestock Network (SLN) PVP Program. The information is housed in the ITS database. Certificates documenting source and age can be provided upon request.

**CVCA guarantee:** All steers for sale are guaranteed not to be stags or buyers will be refunded \$150. All heifers should be open or buyers will be refunded \$200 for any heifer that is determined to be pregnant. Documentation from a veterinarian that a heifer is bred or discount from a harvest facility for a stag or other proof determined to be sufficient by the CVCA Board will be required for reimbursement.
